1939 REGISTER FOR COLEORTON AND PEGGS GREEN
ASHBY DE LA ZOUCH RURAL
REGISTRATION AND SUB DISTRICT 404-2

NB: Unlike a standard census, the 1939 Register was a working document and actively used and updated by the Government/NHS until 1991.
Maiden names of single women were typically crossed out with their new married name as you will see in the transcribed register below (in blue).
In some cases the data has been difficult to read and transcribe and a questionmark has been shown in these cases.
Under data protection laws, personal information about people who may still be alive is restricted and therefore entries for these individuals are not listed here.
